REPLY TO M/S 525  
ATTN OF:

Marlene Warren, Facilities Manager  
Owens-Corning Fiberglas Corporation  
Old Portland Road  
St. Helens, Oregon 97051

Dear Ms. Warren:

The Environmental Protection Agency (EPA) has completed the report of the August 30, 1984 inspection at the Owens-Corning Fiberglas facility in St. Helens. A copy of the report is enclosed.

EPA has no immediate plans for completing the follow-up described in the recommendations section. We will work with Owens-Corning and Oregon Department of Environmental Quality in scheduling any future activities at the St. Helens facility.

If you have any questions, please let me know. I can be reached at the above address or telephone (206) 442-2722.

Sincerely,

Deborah Flood  
Environmental Protection Specialist
